D. Misener then presented pavilion and ball park field reservation applications for both residents and non-residents.

The board discussed whether fees would be waived for school ball and MVKYAA use. D. Misener suggested asking these organizations for donations.

D. Punke agreed, as it would help cover some cost the village incurs with maintenance and cleaning.

K. Houchin stated that coaches spend money and time to do maintenance on the fields.

D. Misener suggested all non-residents be required to have a card on file with the village in case of damages and/or clean up fees.

Current and future park maintenance was discussed.

The committee addressed the future pickleball courts.

D. Misener stated that there is room for 2 pickleball courts and the basketball court. However, he highly recommended expanding half the court to allow a 4-6 foot gap in between courts to allow for personal space. D. Misener did research and stated he estimates the cost of expanding the slab somewhere between \$1056.00-\$2376.00. Depending on how many feet we want to expand.

The other committee members were given a picture of the court with the potential expansion for reference.
